Art Unit: 2634

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:

- Claims 1-3, and 11, drawn to a QAM constellation, classified in class 375, subclass 298.
- II. Claims 4 and 5, drawn to a transmitter, classified in class 375, subclass 295.
- III. Claims 6 and 7, drawn to a slicer, classified in class 375, subclass 340.
- IV. Claims 8-10, drawn to a receiver, classified in class 375, subclass 320.
- V. Claim 12, drawn to minimizing bit error rate of Trellis code modulation, classified in class 714, subclass 792.
- 2. The inventions are distinct, each from the other because of the following reasons: Group I refers to a QAM constellation and a QAM constellation labeling method which labels a QAM constellation with regards to a Hamming distance. Group II refers to a transmitter with includes a symbol mapper, a filter, and a demodulator. Group III refers to a slicer which contains look-up tables and a distance calculator to perform the detecting operation. Group IV refers a receiver which includes a demodulator, filter, and a slicer. Group V refers to a method for minimizing bit error for Trellis code modulation.
- 3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

4. Any inquiry concerning this communication or earlier communications from the

examiner should be directed to Curtis B. Odom whose telephone number is 571-272-3046. The

examiner can normally be reached on Monday- Friday, 8-5.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's

supervisor, Stephen Chin can be reached on 571-272-3056. The fax phone number for the

organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent

Application Information Retrieval (PAIR) system. Status information for published applications

may be obtained from either Private PAIR or Public PAIR. Status information for unpublished

applications is available through Private PAIR only. For more information about the PAIR

system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR

system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
